Hands-on 2: Making SKILLS file with A*STAR template

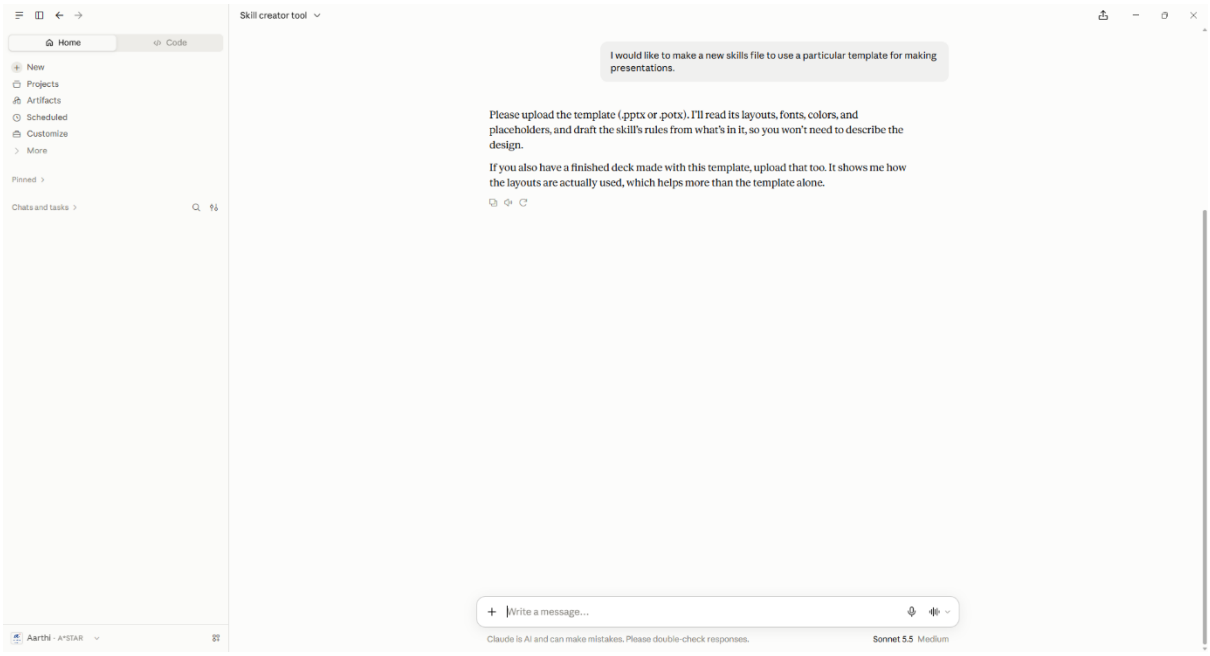

Tool: Claude (CHAT)

1. Open Claude and new chat and enter /skill-creator.

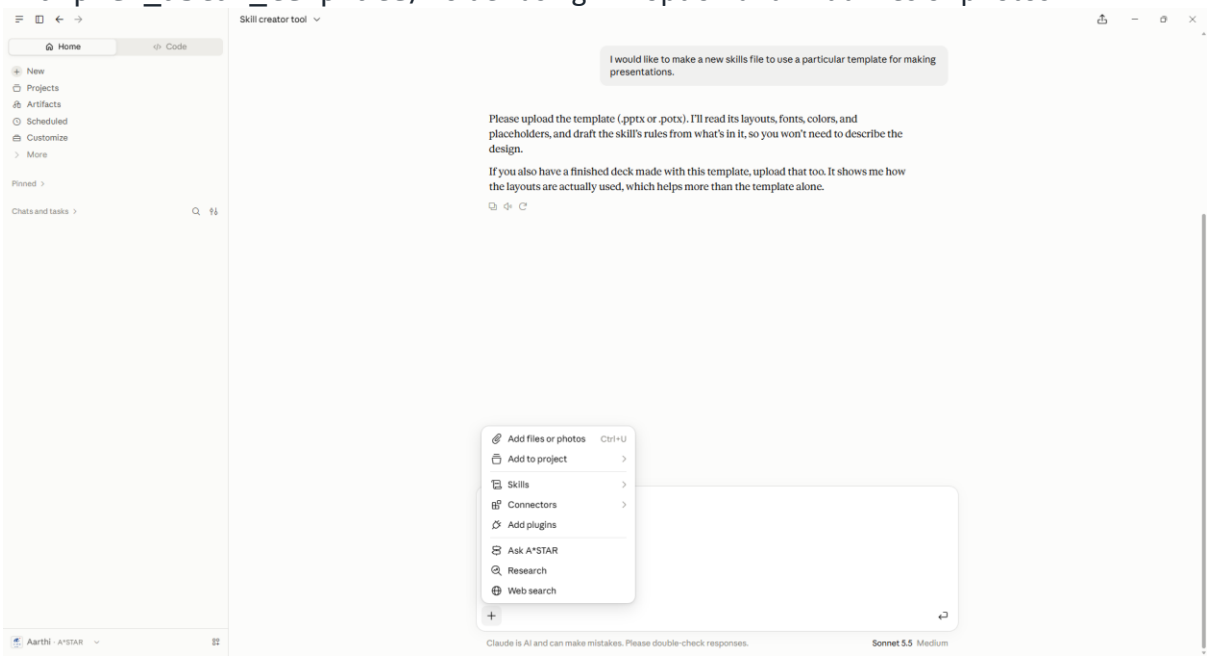

2. Type the prompt:

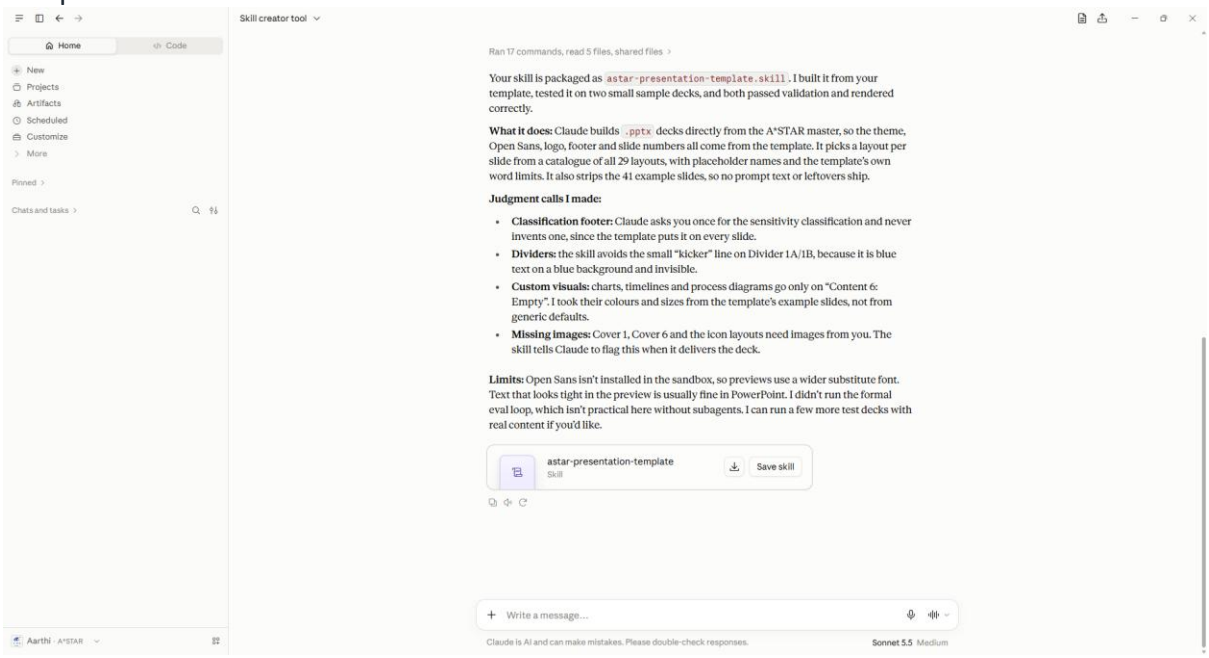

> **PROMPT**
>
> `I would like to make a new skills file to use a particular template for making presentations.`

3. Upload “ASTAR 00_MASTER_PPT_2026.potx” from Example2_astar_template/ folder using “+” option and “Add files or photos”

4. The skills file will be generated and you can save it within Claude or locally to your computer for redistribution.

5. To make your future presentations use this template, invoke the template via /astar-presentation-template option.
